# How we do it...

## Open courses

Monthly open courses across the country for NEBOSH certificate programmes, IOSH Managing Safely and other selected courses, with the latest available dates constantly updated on our web site.

## Bespoke courses

All our courses can be delivered in-house at your organisation, with the added advantage of cost savings and the benefit of being able to tailor our delivery to your policy, systems and organisational priorities.

## Our quality

From initial enquiry to follow-up evaluation you will have the support of a dedicated account manager, qualified consultant and professional administrative support.

Our solutions are high quality, professional and relevant to today's industry. We are committed to offering solutions that deliver improvements in your organisations safety performance.

## Our team

All our consultants are qualified, experienced and hold professional membership of the Institution of Occupational Safety and Health. With a diverse team from a range of backgrounds we can match our consultants to your unique organisational needs.

By using our own dedicated consultants rather than associates, we can guarantee the quality of everything that we create and deliver!

# What our clients say about us...

"We have been delighted with the general feedback from delegates who gained the appropriate Health and Safety skills, knowledge and qualifications for their roles within Mitsubishi. We look forward to working with AT&C in 2009 and for the future."

Tina Lewis-Knight, Mitsubishi

---

"This course was well adjusted to meet our needs, bringing the relevance of Health and Safety issues into our daily duties. The course had good content and was very well delivered."

DI Paul Douglas, Heathrow Specialist Operations, Metropolitan Police

"On behalf of those employees at Haley Sharpe Design who attended the IOSH Managing Safety training sessions I would like to thank the trainer for the engaging course... we will be recommending the course and trainer to all our customers and clients."

Debbie Shelly,  
Facilities and Safety Manager,  
Haley Sharpe Design

---

"I wanted to pass my gratitude on to yourself for all of your help in resolving the issues that could have caused me great pain had the project not gone ahead!"

Tom Wiseman,  
National Nuclear Laboratory

"The tutor was really helpful, approachable and was able to adapt the level and speed of delivery to suit the varying levels of existing knowledge. The content was relevant and useful; incorporating case studies and exercises specific to our industry sector, as well as our roles within the business."

Denise McKibbin,  
CarillionWSP

"As I told the boss just now, perhaps the best corporate training course I have ever been on. The world should be a safer place!"

Alex Finlow, Finance Director, MAF

# We also offer...
